Next Session

**FEBRUARY 8TH
3:00-4:00PM**

INTEGRATING ORAL HEALTH INTO PRIMARY CARE

SESSION DESCRIPTION

Tooth pain has a negative association with academic achievement and absenteeism. Approximately one third of SBHC users report not having a dental visit in the last 6 months - an increase of 10% since SY 18-19.

Please join us for a discussion on how we can support students by integrating oral health into SBHC primary care services, led by DNP Christy Cogil (UNM College of Nursing).

Upcoming Sessions

**FEBRUARY 22ND
3:00-4:00PM**

SCREENING BRIEF INTERVENTION & REFERRAL TO TREATMENT

**MARCH 8TH
3:00-4:00PM**
